WORK EXPERIENCE

Infotact Solutions

Web Development Intern — Jun 2025 - Aug 2025

- Worked on production-level web applications including **DesiEsty** (handmade products marketplace) and **HomeCook Food** (food delivery platform).
- Developed authentication flows, protected routes, and reusable UI components using **React.js, Redux Toolkit, and Tailwind CSS**.
- Integrated backend APIs using **Node.js, Express, and MongoDB** for user management, product handling, and data flow.
- Followed clean architecture principles and collaborated with team members to improve performance and maintainability.

PROJECTS

TaskForge — Real-Time Collaborative Task Management App

- Built a real-time collaborative task management application enabling multiple users to work simultaneously.
- Implemented a **Kanban-style drag-and-drop board**, live activity log, task comments, and conflict detection UI.
- Integrated **Socket.IO** to handle real-time updates and synchronization across users.
- Designed a professional **three-pane dashboard layout** (Navbar, Sidebar, Kanban Board) using Tailwind CSS.
- Managed global state using **Redux Toolkit** following scalable frontend architecture patterns.

FoodComma — Online Food Ordering Platform

- Developed a full-stack food ordering application with user authentication, restaurant listings, and order management.
- Designed and implemented **RESTful APIs** using Node.js, Express, and MongoDB.
- Built a responsive and user-friendly frontend using **React.js and Tailwind CSS**.
- Ensured secure data handling and efficient API communication.

SKILLS

- Frontend: React.js, Redux Toolkit, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)
- Backend: Node.js, Express.js, REST APIs, Socket.IO, JWT Authentication
- Database: MongoDB, Mongoose, MongoDB Atlas
- Tools: Git, GitHub, Postman, Vercel, Render, Cloudinary

KEY HIGHLIGHTS

• Experience building real-time collaborative web applications using Socket.IO.
• Strong understanding of Redux Toolkit for scalable state management.
• Hands-on experience with clean architecture and modular frontend structure.
• Comfortable working with REST APIs, authentication, and protected routes.

EDUCATION

GIIT Professional College

Bachelor of Computer Applications (BCA) — Jul 2023 - Present

- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Development, Object-Oriented Programming, Java
- Actively building **full-stack MERN projects** to apply academic concepts in real-world scenarios
